

Water Glass Investment Casting for Bracket Accessory

Water glass casting is one of the most common investment casting processes in China, but is seldom in other countries. In Chinese investment casting foundries, about 80% foundries focus its business in water glass casting, while the rest are silica sol casting factories. So what is water glass casting? Water glass casting, one kind of lost wax investment casting process, uses water glass as the binder for the shell. The origin of water glass casting is in Russia. Process of water glass casting is what we described in investment casting process, with this method, it is suitable for steel castings, especially for carbon steel and alloy steel castings. It allows to produce steel castings ranging from 0.5kg-60kg. Our company's Water Glass Investment Casting for Bracket accessory are widely used in many various different areas, and we are also a company in China which many technicians and staffs here.

Product Description

Material:VSC480

Technique:Water Glass Investment Casting

Weight:11.4KG

Application Area:Truck Chassis

Product Name:Bracket

Anti-rust Method:Anti-rust water

Heat Treatment Way:Is Fire

We Ningbo Zhiye is affiliated to our Huangsheng Group, which have 5 companies and factories. Our business ranges are Silica Sol investment Casting, Glass Water Investment Casting, Lost Foam Investment Casting, Shell Pattern Investment Casting and Composite Molding Lost Wax Casting, etc.

We hope the friends, purchasers and clients from all over the world will be interested in our

Water Glass Investment Casting for Bracket accessory Products.

Customized OEM highest quality investment casting ductile iron auto metal support brackets

Product Description

Description	investment casting pump impeller open impeller
Type	Open impeller/closed impeller
Application	Water Pump, Draught Fan, Compressor, Industry system
Processing	Investment casting
Material	Cast steel ;stainless steel (304/316/304L);cast iron
Weight Ranges	0.05-100kg

Ningbo Zhiye Mechanical Components Co.,Ltd.

Phone:+86-18958238181

E-mail: santos@zy-casting.com

Tolernace	Controlled by ISO 8006 CT4-6
Design Support	Pro-E, UG,SolidWorks,AutoCad, PDF
Quality Control	Material, Dimension,Performance,inside defects,Balance test
Standard	ASTM,DIN,JIS,ISO,GB standards

OEM Products

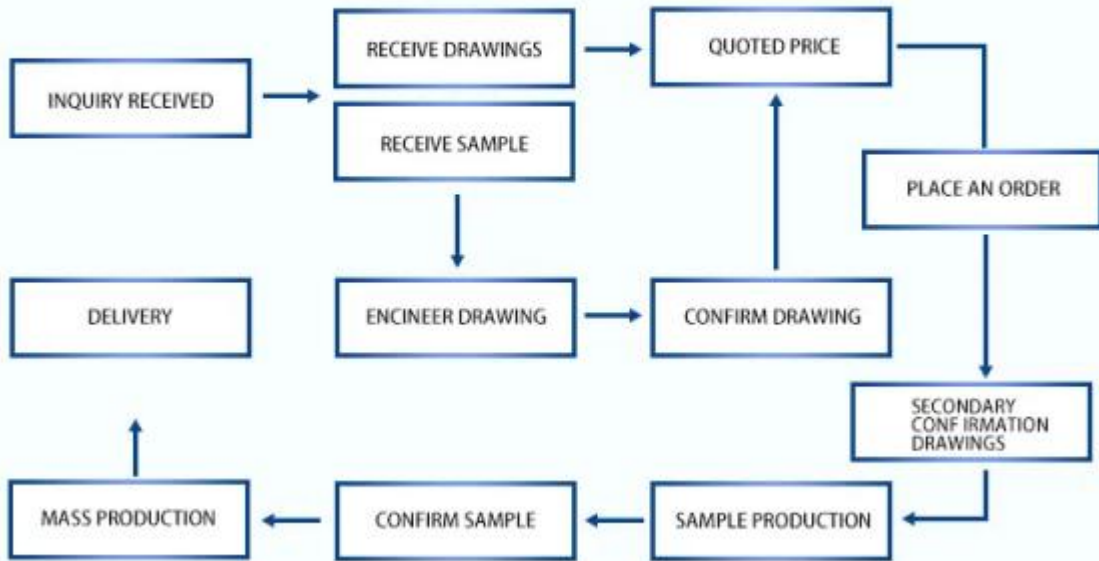

4 ADVANTAGES TO BE TRUSTED

Years of industry experience, so that you have a better shopping experience

PRODUCTION PROCESS

Are you worried about these problems as below ?

Unable to find a suitable manufacturer

The product category is single, unable to meet the demand

Bad Service

Communication is not timely, inaccurate, and without details

Poor Product Quality

Lack of a complete quality control process

Long Production Cycle

The contract spirit is poor and the delivery time is always delayed.

If you cooperate with us , all problems can be solved!

WE GOT GOOD REVIEWS

customized aluminum

★★★★★

Although photos are useful, seeing sample parts is the best way to evaluate cosmetic details of parts. The three samples in this photo look wonderful. The color is very deep and the parts have a very nice surface finish. The result is very impressive.
